

Ratchet Load Binder

Product Description

Manufactured at Townley, our Ratchet Load Binder is based on our standard Grade-P Rigging Screws. Ratchet load binders are well suited for heavy-duty tensioning applications, as very high tensioning forces can be achieved and more precise adjustment is available.

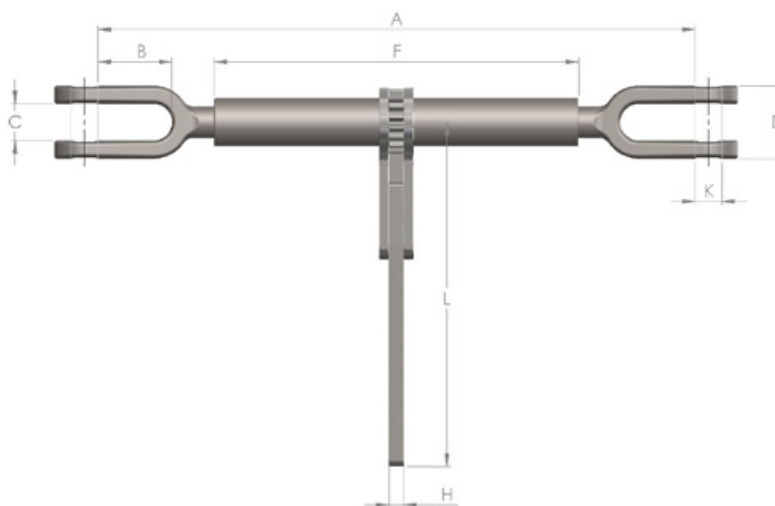

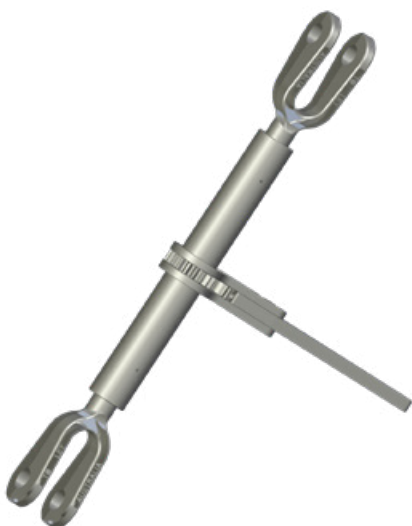

Features:

- No kick back when released
- Galvanized
- Can be supplied with or without cross bolts

Please specify if you require cross bolts, nuts & NATA Testing to AS2319 at time of order placement.

Townley Drop Forge maintains a NATA Accredited Laboratory (Test Lab No. 13554) and an AS/NZS ISO9001 Certified QMS (Certificate number FS 604897)
